## Meet our Keynote Speaker

**Daniel  
Salatin**

Daniel is multi-generational farmer. He's grown up in the farming landscape in Swoope, VA. Farming right out of the gate has given him a lifetime of experience, mastery and confidence that comes from a life's work and passion.

Today he leads an ever-growing team at Polyface Farm. Daniel finds the most joy in his family, teaching, team building, healing soil, farm design, a growing relationship with Jesus, working with livestock and hunting.

Managing the day-to-day flow of the farm, he works with cattle, hogs, meat birds, layers, turkeys, rabbits, sheep, and forestry, but most importantly, people. This keeps him learning something every day in a high energy, outdoor workplace. With over 30 years of hands-on experience, Daniel is practical in his approach and teaching.
